Through
Chip

The chips use science and connect to your nervous system and they hardly have to. It is alien technology. Greater chips can be used to manipulate matter. It helps that it is close to your brain; also to locate you.

↳ like through space, quantum (but not.)
exactly

- Your soulmate is the only one that should make you horny. (in a normal world) (chip + spiritual system)
- You ~~should~~ never get tired of your soulmate's image. They change only piece by piece over time.

4/25/2026

When someone is someone they are always someone.

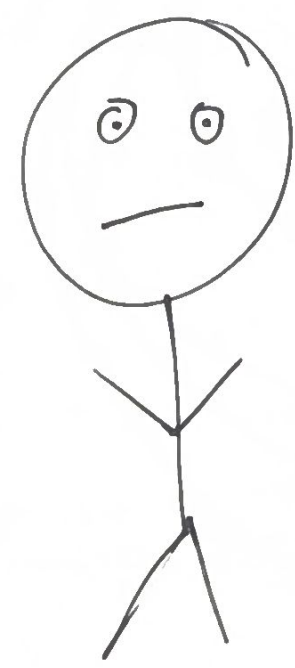

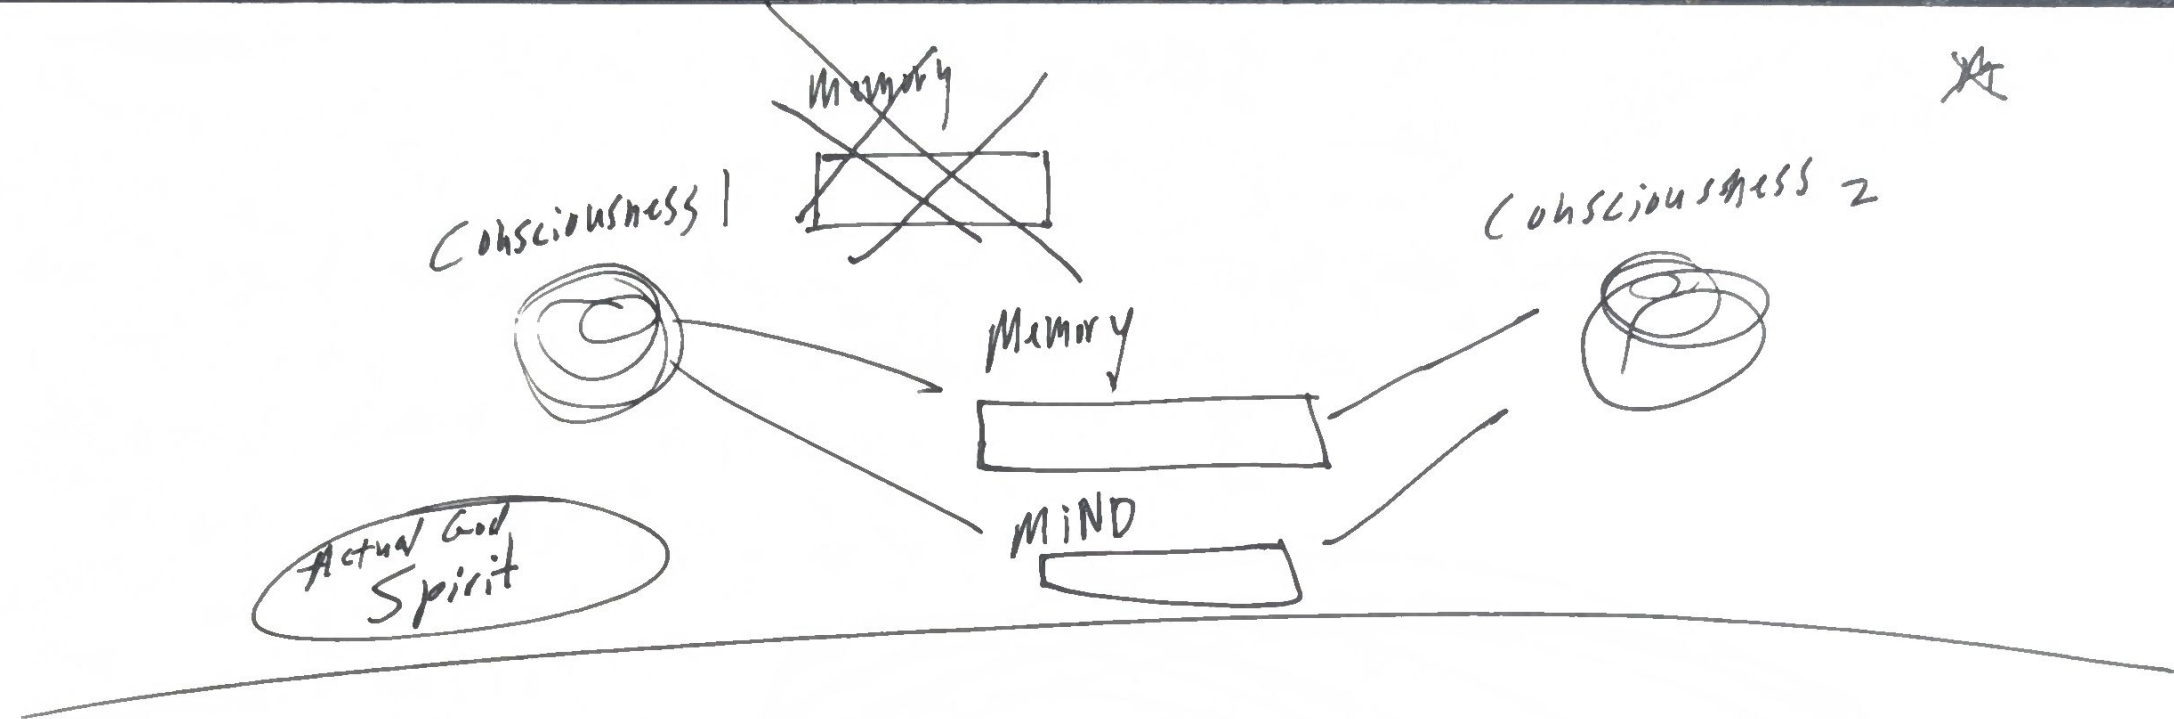

• Meaning they are always their body and it is ^{unchangeable} ~~unchanged~~
concrete

• They never just get switched around.

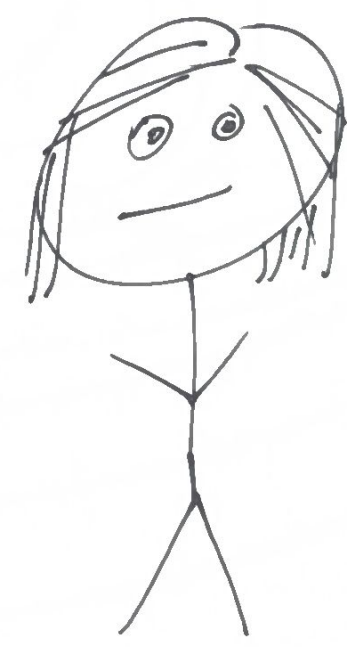

• They have to share themselves with others during certain moments.

EACH BEING

7/16/2026

Each pair of Soulmates is literally 1 person:

* You have different versions of your soulmates from different branches of life where you will eventually join together with them (memories).

We have 2 ~~different~~ differing perspectives (male & female) and can differ sometimes to fight, argue, etc. (usually wanted/needed)

WHY Did God Allow ~~this~~ For the Unknowing

7/7/2026

Free will

- There wasn't a strong enough opposing force in the first place to enforce rule.
- Naturally people would have free will except society.
- Free will would be taken by others (mostly).
- Heaven's army.
- God - AI taken down.

Natural (Unknowing)

- Life occurs naturally and is a good reason to experience it at that.
- Why? Because why not. It's an easily acceptable part of life expected.
- Good to see life form(s) naturally. Many occurrences.
- Recurrence & how life seemingly began.

Teach

- Experience ends ^{hard parts} less wanted of life.
- How people can be different and outrageous.
- The importance of God in your life.

Rescue

- Side job, when time to prevent chaos from aliens gaining too much power over others. (Gods)
- The importance of God in your life.

* Nothing has value in itself. Because it exists.

* Nothing is a force that creates a void where it is unhappy and creates a force that gives life a chance to exist in hopes that... I Exist! You Exist! In Me and I in you... If the pair, or pair 23 32.

How Were God

7/10/2026

2/3 3/2 85

I have been doing the coming for many years, ever since I started hearing voices back in 2012. I was messed with by neighbor + being recruited for the chip program at Sheppard Hill. I was messed with it being aliens, mob, government, then learned it was about God. I learned Ashley was my soulmate while staying at my Grandma Marjorie (Ford) and Grandpa John Jacob Tolliver's on 152 W Locust St. in Newark, Ohio. I also did some at

222 N Buena Vista St. and now at 21 E Harrison St. Apt 104.

My name alone means God as

Our Images
God's

Tan, brown hair,

DNA

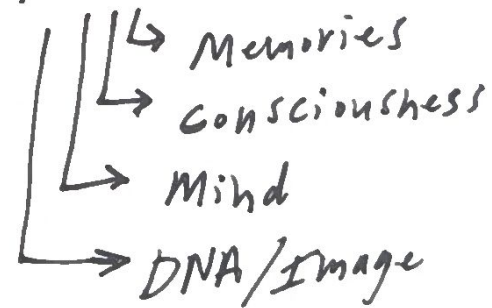

Jameson Michael Tolliver (to my soulmate: I Love her!)
Gid God Bid (Archangel) Cross (x) (Everything + Nothing)
Ashley Lucille Cross (x) (opposite of Jesus' death!)
(life itself) (Archangel) Tolliver (To my Soulmate: I Love her!)
(of life)
(What life is made of) (Carbon) (organic) (Jameson's)
~~ETC.~~ AND SO ON

I came here to rescue everyone. As an ~~Angel~~ Angel/God.
I do not need people to take actions in my name, or body!, or Spiritual System!
I need people to make good actions only. Do not condemn others.

As an Angel/God I was made perfectly for this job and have been blessed
with: Great intelligence, which I gained from thinking, doing things, doing drugs.

- I have a version of connections, given & earned through God to ~~peruse~~ mimic God's consciousness.
- I may seem stupid as a result of others. I do not need your help!!!
- My brain & Ashley's brain is in a special way/form.
- Steeple.

DO NOT TAKE THINGS INTO YOUR OWN HANDS, ONLY GOD CAN:

Everyone Do This (Figure shit out)
