

Why Raise Beings without God Directly? 4/16/2026
(it didn't) but in a way, did.

- To experience (without)
- What life w/o boundaries (cross) is.
 - Chaos, evil
- To learn what not to do.
- The system was corrupt - Gods stole memories, altered memories, consciousnesses

Thinking

4/17/2020

If there is a risk of something negative happening and you do not know that it will

Scenario 1

Consider the consequences

(Negatives)

- Torture in Spirit - could be real. It is!
- Someone could be hurt badly, forever!
- I could be imprisoned forever - almost!
- I could owe money.
- I will hate myself.
- Others will hate me.
- God will not help me as much.

Positives

- Watch them twitch. (Why?!)
- Cut flesh.
- Test pain/techniques
- Anatomy studied.

Not very positive, right?!

Outcome

- 100% Not worth the risk!

Don't do it!
Anyone, but
God/Angels
(I don't) - JA

Scenario 2

Consider the consequences

- Buy a domain ^{from the company} and your future wife owns.
- They can fine me.
- They could force me to give it up.
- Jail? for buying a domain + then getting married or knowing I'll be married to her?

Positives

- We'll own the domain we've always wanted.
- People will see the truth of it.
- People will become better because of it.
- Freedom of property + ownership!
- Fight for freedom.
- Counter lawsuit money!
- Work for law firm.

Outcome

Keep the domain!
get

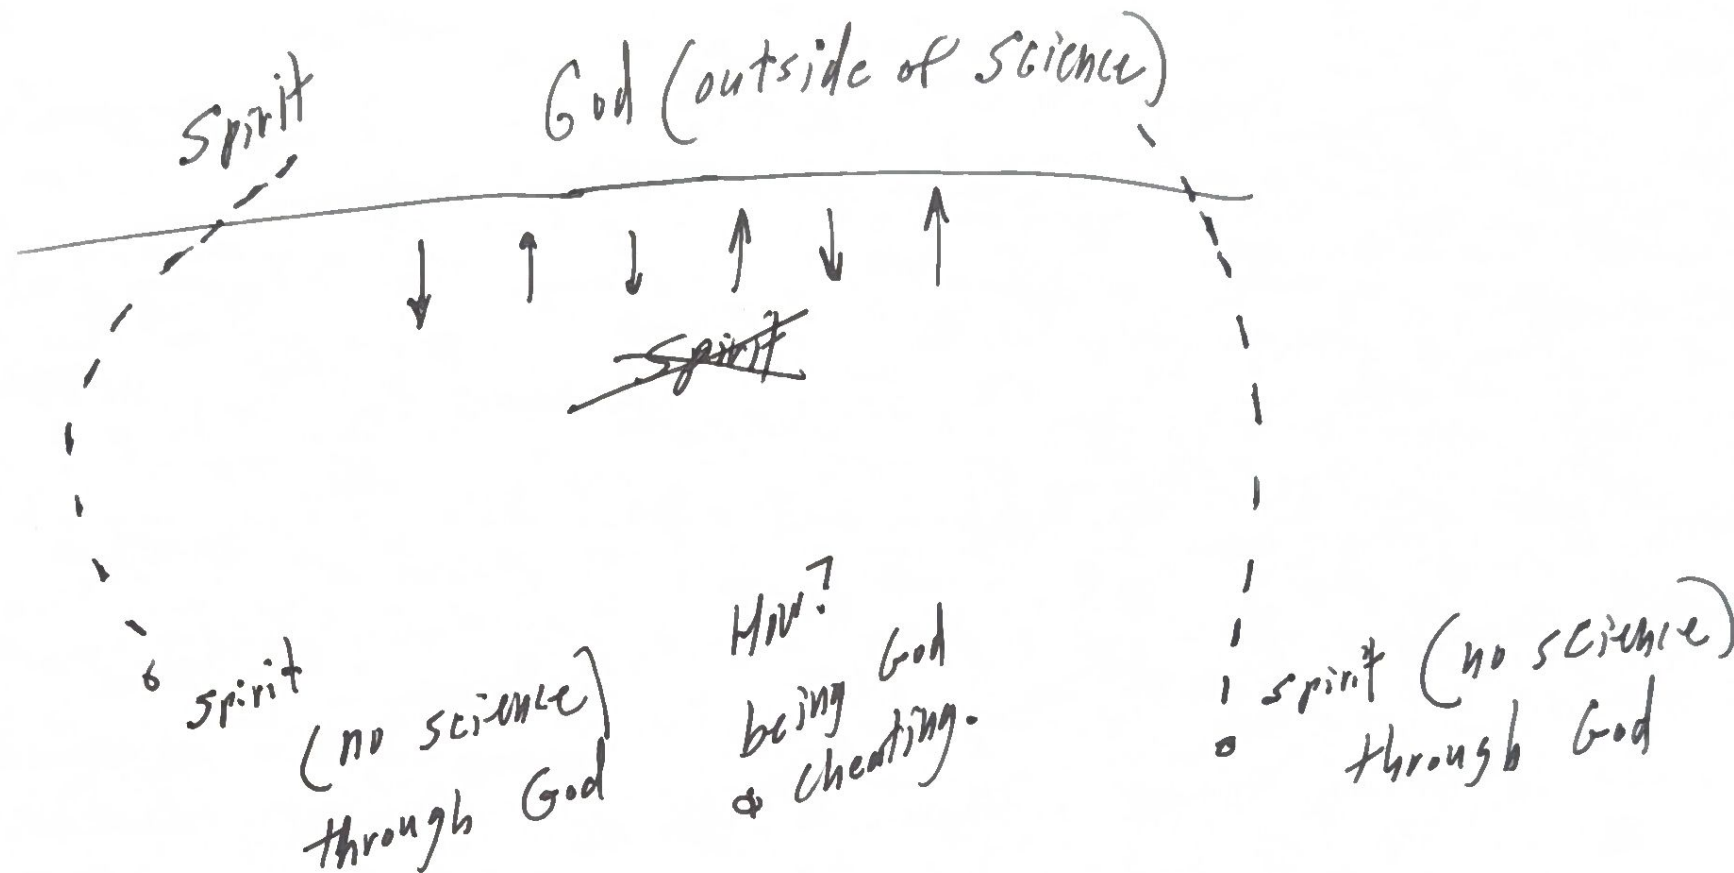

God is only
Good!

JA is
God!

* All you
need to know!

Spirit

4/17/2021

Through
Chip

The chips use science and connect to your nervous system and they hardly have to. It is alien technology. Greater chips can be used to manipulate matter. It helps that it is close to your brain; also to locate you.

↳ like through space, quantum (but not.)
exactly

Somewhat original Being (mark being) (old as shit)

4/16/2021

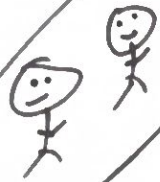

- We use replacement beings + saved other beings.

Jame + Ash

- Tech Prep — Heath HS
(COTC) — Newark Catholic HS
- College program for high school students to earn college credits.
- Labs: Engineering, electronics, IT, etc.

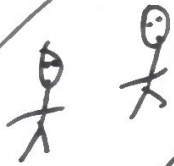

• Wanted to end our lives, because we lived by standards that were incorrect as God. And we didn't want to break our values!

- We were actually God from the beginning + didn't know it * God
- To train Gods + Beings. (think of why)

Our new replacement being (us)

4/16/2021

Jame & Ash

- Had a different timeline that was calculatable to our memories, but younger.
- Meant to replace me & is us by God.
- Shares the same ~~img~~ Image of our God (JA), but looks cuter, nicer. (was nicer mainly).
- We gave them some experiences we wanted and they were hated on by many (raped, ravaged) by other "Gods".
- The male (Jame) turned evil & she sits alone & desolate, except for hang out with her. He tries to be the Devil? Maybe said fuck God? mad about shit?
